

STATE-1941

COOPERATIVE EXTENSION WORK IN AGRICULTURE AND HOME ECONOMICS

U.S. Department of Agriculture  
and State Agricultural Colleges  
Cooperating

Extension Service  
Washington, D. C.

COMBINED ANNUAL REPORT OF COUNTY EXTENSION WORKERS

This report form is for use by county extension agents in making a combined statistical report on all extension work done in the county during the year. Agents resigning during the year should make out this report before quitting the service.

State SOUTH CAROLINA County STATE SUMMARY (WHITE)

REPORT OF

From Dec. 1, 1940 to Dec. 1, 1941

(Name) Home Demonstration Agent.

From \_\_\_\_\_ to \_\_\_\_\_, 194

Assistant Home Demonstration Agent.

From \_\_\_\_\_ to \_\_\_\_\_, 194

4-H Club Agent.

From \_\_\_\_\_ to \_\_\_\_\_, 194

Assistant County Agent in charge of Club Work.

From \_\_\_\_\_ to \_\_\_\_\_, 194

Agricultural Agent.

From \_\_\_\_\_ to \_\_\_\_\_, 194

Assistant Agricultural Agent.

READ SUGGESTIONS, PAGES 2 AND 3

Approved:

Date FEBRUARY 10, 1942

State Extension Director.

## SUGGESTIONS RELATIVE TO THE PREPARATION OF THE COUNTY EXTENSION AGENT'S ANNUAL REPORT

The annual report should be a summary, with analysis and interpretations, for presentation to the people of the county, the State, and the Nation of the extension activities in each county for the year, and the results obtained by the county extension agents assisted by the subject-matter specialists. The making of such a report is of great value to the county extension agents and the people of the county in showing the progress made during the year as a basis for future plans. It is of vital concern also to the State and Nation as a measure of rural progress and a basis for intelligent legislation and financial support of extension work.

At least four copies of the annual report should be made: One copy for the county officials, one copy for the agent's files, one copy for the State extension office, and one copy for the Extension Service, United States Department of Agriculture. *The report to the Washington office should be sent through the State extension office.*

### STATISTICAL SUMMARY

Where two or more agents are employed in a county they should submit a single statistical report showing the combined activities and accomplishments of all county extension agents employed in the county during the year. Results obtained through assistance rendered agents by specialists should also be included. This report shows, insofar as possible, the part each agent has taken in forwarding the extension program. The county totals should be the sum of the activities and accomplishments of individual agents *minus duplications due to two or more agents participating in the same activity or accomplishment*. The county totals, when properly recorded, show the progress made in the county during the year in forwarding the entire extension program. Negro men and women agents should prepare a combined statistical report separate from that of the white agents.

The statistical summary should be a report of this year's activities and results that can be verified by records on file in the county office. Where records are not available careful estimates are desired. Such estimates should be marked "Est."

### NARRATIVE SUMMARY

A separate narrative report is desired from the leader of each line of work, such as county agricultural agent, home demonstration agent, boys' and girls' club agent, and Negro agent. Where an assistant agent has been employed during a part or all of the year, the report of his or her work should be included with the report of the leader of that line of work. Where an agent in charge of a line of work has quit the service during the year, the information contained in his or her report should be incorporated in the annual report of the agent on duty at the close of the report year, and the latter report so marked.

The narrative report should summarize and interpret, under appropriate subheadings, the outstanding results accomplished and the extension methods used for each project. Every statement should be clear-cut, concise, forceful, and, where possible, reenforced with necessary data from the statistical summary. Use a descriptive style of writing, giving major accomplishments first under each project. Give extension methods fully relating to outstanding results only, and where practicable illustrate with photographs, maps, diagrams, blueprints, or copies of charts and other forms used. Full credit should be given to all cooperating agencies. The lines should be single-spaced, with double space between the paragraphs and reasonably good margins. The pages should be numbered in consecutive order.

The following outline is merely suggestive of how the narrative report may be clearly and systematically presented. Each agent should prepare an outline to fit the situation and the work to be reported.

### SUGGESTIVE OUTLINE OF ANNUAL NARRATIVE REPORT

- I. Cover and title page.
- II. Table of contents.
- III. Summary of activities and accomplishments, preferably of one or two typewritten pages only, placed at the beginning of the narrative report.
- IV. Changes in county extension organization made during the year to improve regular procedures or to meet emergencies.
- V. County extension program.
  - (1) Problems determining extension program.
  - (2) Influence of State and National agricultural agencies operating in county upon extension program.
  - (3) Activities and results.

Under appropriate headings present in some detail for each major problem or line of work the goals set up, the methods used, the cooperation received, the coordination effected, the results achieved, and the significance of these results in terms of problem solution.

- VI. Outlook and recommendations.

## TERMINOLOGY

To insure reports which convey the intended meaning to others and to facilitate the compilation of satisfactory national statistics on extension, it is extremely important that terms be used in accordance with accepted definitions. The following definitions of extension terms have been approved by the United States Department of Agriculture and the Association of Land Grant Colleges and Universities. Agents should read these definitions before starting to write the annual reports.

## DEFINITIONS OF EXTENSION TERMS

1. An extension program is a statement of the specific projects to be undertaken by the extension agents during a year or a period of years.
2. A plan of work is a definite outline of procedure for carrying out the different phases of the program. Such a plan provides specifically for the means to be used and the methods of using them. It also shows what, how much, when, and where the work is to be done.
3. A community is a more or less well-defined group of rural people with common interests and problems. Such a group may include those within a township, trade area, or similar limits. For the purpose of this report a community is one of the several units into which a county is divided for conducting organized extension work.
4. A project leader, local leader, or committeeman is a person who, because of special interest and fitness, is selected to serve as a leader in advancing some phase of the local extension program. A project leader may be either an organization or a subject-matter leader.
5. Demonstrations as contemplated in this report are of two kinds—method demonstrations and result demonstrations.  
A method demonstration is a demonstration given by an extension worker or other trained leader for the purpose of showing how to carry out a practice. Examples: Demonstrations of how to can fruits and vegetables, mix spray materials, and cull poultry.  
A result demonstration is a demonstration conducted by a farmer, home maker, boy, or girl under the direct supervision of the extension worker, to show locally the value of a recommended practice. Such a demonstration involves a substantial period of time and records of results and comparisons, and is designed to teach others in addition to the person conducting the demonstration. Examples: Demonstrating that the application of fertilizer to cotton will result in more profitable yields, that underweight of certain children can be corrected through proper diet, that the use of certified seed in growing potatoes is a good investment, or that a large farm business results in a more efficient use of labor.  
The adoption of a farm or home practice resulting from a demonstration or other teaching activity employed by the extension worker as a means of teaching is not in itself a demonstration.
6. A result demonstrator is an adult, a boy, or a girl who conducts a result demonstration as defined above.
7. A cooperator is a farmer or home maker who agrees to adopt certain recommended practices upon the solicitation of an extension worker. The work is not directly supervised by the extension agent and records are not required, but reports on the success of the practices may be obtained.
8. A 4-H Club is an organized group of boys and/or girls with the objectives of demonstrating improved practices in agriculture or home economics, and of providing desirable training for the members.
9. 4-H Club members enrolled are those boys and girls who actually start the work outlined for the year.
10. 4-H Club members completing are those boys and girls who satisfactorily finish the work outlined for the year.
11. A demonstration meeting is a meeting held to give a method demonstration or to start, inspect, or further a result demonstration.
12. A leader-training meeting is a meeting at which project leaders, local leaders, or committeemen are trained to carry on extension activities in their respective communities.
13. An office call is a call in person by an individual or a group seeking agricultural or home-economics information, as a result of which some definite assistance or information is given. A telephone call differs from an office call in that the assistance or information is given or received by means of the telephone. Telephone calls may be either incoming or outgoing.
14. A farm or home visit is a call by the agent at a farm or home at which some definite information relating to extension work is given or obtained.
15. Days in office should include time spent by the county extension agent in the office, at annual and other extension conferences, and on any other work directly related to office administration.
16. Days in field should include all days spent on official duty other than "days in office."
17. Letters written should include all original letters on official business. (Duplicated letters should not be included.)
18. An extension school is a school usually of 2 to 6 days' duration, arranged by the Extension Service, where practical instruction is given to persons not resident at the college. An extension short course differs from an extension school in that it is usually held at the college or another educational institution and usually for a longer period of time.
19. Records consist of definite information on file in the county office that will enable the agent to verify the data on extension work included in this report.
20. The county extension association or committee is that county organization, whether a membership or a delegate body, which is recognized officially in the conduct of extension work in the county.

## GENERAL ACTIVITIES

Report Only This Year's Extension Activities and Results That Can Be Verified

1. List below the names, titles, and periods of service of the county extension agents whose work is included in this report. Include time of assistants with that of regular agent.

AGENT	Total months of service this year (a)	Days devoted to work with adults (b)	Days devoted to work with 4-H Club and other youth (c)	Total days in office (d)	Total days in field (e)
(Name) Home demonstration agent.....	46	46	46	46	46
Asst. home demonstration agent.....	632	8635	5513	4869	9703
4-H Club agent.....					
Assistant county agent in charge of club work.....					
Agricultural agent.....					
Assistant agricultural agent.....					

2. County extension association or committee:

(a) Agricultural extension:

(1) Name *Co. Program Planning Committee*

(2) Number of members *1046*

(b) Home demonstration:

(1) Name *Co. Council of Farm Women*

(2) Number of members *14075*

(c) 4-H Club:

(1) Name *Co. 4-H Council*

(2) Number of members *10036*

3. Number of communities in county where extension work should be conducted.....

*1462*

3

4. Number of above communities in which the extension program has been planned cooperatively by extension agents and local committees.....

*1316*

4

5. Number of different voluntary county or community project leaders or committeemen actively engaged in forwarding the extension program:

(a) Adult work { (1) Men *436*

(b) 4-H Club work { (1) Men *50*

(3) Older club boys.....

5

(2) Women *1299*

(2) Women *343*

(4) Older club girls.....

6. Number of different paid local leaders engaged in agricultural-conservation and adjustment programs.....

(a) Men.....  
(b) Women.....

6

7. Number of clubs or other groups organized to carry on adult home demonstration work.....

*689*

7

8. Number of members in such clubs or groups.....

*15,045*

8

ITEM	Home demonstration agents (a)	4-H Club agents (b)	Agricultural agents (c)	County total <sup>1</sup> (d)
9. Number of 4-H Clubs.....	<i>542</i>			
10. Number of different 4-H Club members enrolled.....	(1) Boys <i>169</i> (2) Girls <i>10548</i>			
11. Number of different 4-H Club members completing.....	(1) Boys <i>37</i> (2) Girls <i>6797</i>			

12. Number of different members enrolled in 4-H Club work for:<sup>4</sup>

MEMBERS	1st year	2d year	3d year	4th year	5th year	6th year and over
(a) Boys.....	<i>32</i>	<i>7</i>	<i>15</i>			
(b) Girls.....	<i>3737</i>	<i>1946</i>	<i>1843</i>	<i>1023</i>	<i>513</i>	<i>299</i>

<sup>1</sup> County total should equal sum of preceding three columns minus duplications due to two or more agents participating in the same activity or accomplishment.

<sup>2</sup> Report the total number of different boys or girls enrolled in club work. This total should equal the sum of the project enrollments reported on pages 7 to 24, minus duplications due to the same boy or girl carrying on two or more subject-matter lines of work. Do not include boys and girls enrolled late in the year in connection with the succeeding year's program.

<sup>3</sup> Same as footnote 2 but refers to completions instead of enrollments.

<sup>4</sup> The total for this question should agree with county total, question 10.

## SUMMARY OF EXTENSION INFLUENCE FOR YEAR

It is highly desirable for extension workers to consider the proportion of farms and farm homes in the county which have been definitely influenced to make some substantial change in farm or home operations as a result of the extension program for men, women, boys, and girls. It is recognized that this information is very difficult for agents to report accurately, so a conservative estimate based upon such records, surveys, and other sources of information as are available will be satisfactory. Such estimates should be marked "Est."

Include results of emergency activities as well as the regular extension program.

35. Number of farms in county.....	152,040 <sup>46</sup>	35
36. Number of farms on which changes in practices have definitely resulted from the agricultural extension program.....	59406 <sup>33</sup>	36
37. Number of farm homes in which changes in practices have definitely resulted from the home demonstration program.....	96163 <sup>46</sup>	37
38. Number of other homes in which changes in practices have definitely resulted from the home demonstration program.....	12,501 <sup>46</sup>	38
39. Number of farm homes with 4-H Club members enrolled.....	7,946 <sup>46</sup>	39
40. Number of other homes with 4-H Club members enrolled.....	4,580 <sup>46</sup>	40
41. Total number of different farm families influenced by some phase of the extension program (Include questions 36, 37, and 39, minus duplications.)	95,062 <sup>46</sup>	41
42. Total number of different other families influenced by some phase of extension program (Include questions 38 and 40, minus duplications.)	13,687 <sup>46</sup>	42

<sup>1</sup> County total should equal sum of preceding three columns minus duplications due to two or more agents participating in the same activity or accomplishment.

NOTE.—Questions 18-34 refer to the total number of different activities conducted this year. The totals should equal the sums of the corresponding information reported on following pages minus duplications where the same activity relates to two or more lines of work.

143. Number of voluntary local leaders or committeemen assisting.....			199 (14)	143
144. Days of assistance rendered by voluntary leaders or committeemen.....			123 (14)	144
145. Number of adult result demonstrations conducted.....			14 (3)	145
146. Number of meetings at result demonstrations.....			12 (3)	146
147. Number of method-demonstration meetings held.....			124 (12)	147
148. Number of other meetings held.....			23 (10)	148
149. Number of news stories published.....			45 (13)	149
150. Number of different circular letters issued.....			11 (7)	150
151. Number of farm or home visits made.....			461 (30)	151
152. Number of office calls received.....			544 (26)	152
153. Number of 4-H Club mem- bers enrolled.....	(1) Boys..... (2) Girls.....			153
154. Number of 4-H Club mem- bers completing.....	(1) Boys..... (2) Girls.....			
154½. Number of 4-H Club mem- bers not in special project clubs who participated in forestry or wildlife conser- vation activities.....	(1) Boys..... (2) Girls.....		xxxxxxxxxx xxxxxxxxxx	154½
	(1) Transplant beds (2) Acres planted to forest trees (3) Acres improved (4) Acres of wood- land protect- ed from fire	Coverts <sup>2</sup> improved or built Nest boxes, feed trays for song birds Feeding stations operated Animals or birds produced	Acres terraced..... Machines or equip- ment repaired..... Articles made..... Equipment installed	
155. Number of units handled by 4-H Club mem- bers completing. (This refers to questions 154 and 154½)				155

## FORESTRY—Continued

156. Number of farms on which new areas were reforested by planting with small trees.....	156
157. Acres involved in preceding question.....	157
158. Number of farmers planting windbreaks or shelterbelts.....	158
159. Number of farmers planting trees for erosion control.....	159
160. Number of farmers making improved thinnings and weedings.....	160
161. Number of farmers practicing selection cutting.....	161
162. Number of farmers pruning forest trees.....	162
163. Number of farmers cooperating in prevention of forest fire.....	163
164. Number of farmers adopting improved practices in production of naval stores.....	164
165. Number of farmers adopting improved practices in production of maple sugar and sirup.....	165

<sup>1</sup> 4-H farm shop clubs should be reported under this heading.<sup>2</sup> Include food patches planted or left standing for wildlife.

## FORESTRY—Continued

Report Only This Year's Extension Activities and Results That Can Be Verified

166. Number of farmers assisted in timber estimating and appraisal.....	166
167. Number of farmers following wood-preservation recommendations.....	167
168. Number of farmers following recommendations in the marketing of forest products.....	168

## WILDLIFE CONSERVATION—Continued

169. Number of farms on which specific improvements for wildlife have been made.....	169
--	-----

ITEM	RABBITS		FOXES AND OTHER FUR ANIMALS		GAME BIRDS		CONSERVATION CAMPS	
	4-H members (a)	Adults (b)	4-H members (c)	Adults (d)	4-H members (e)	Adults (f)	4-H members (g)	Adults (h)
169½. Number of individuals engaged or assisted in activity.....								
169½. Number of animals or birds produced by such individuals.....								
							x x x x	x x x x

## AGRICULTURAL ENGINEERING—Continued

Engineering activities	Number of farms (a)	Number of units (b)	Total value of service or savings (c)
170. Terracing complete with outlets and contour cultivation.....		acres.	\$.....
170½. Growing crops on contour.....		acres.	
170½. Gully control.....		acres.	
171. Drainage practices.....		acres.	
172. Irrigation practices.....		acres.	
173. Land-clearing practices.....		acres.	
174. Better types of machines.....		machines.	
175. Maintenance and repair of machines.....		machines.	
176. Efficient use of machinery.....		x x x x x x x x	
176½. Better ginning of cotton.....		gin stands	
177. All buildings constructed (include silos).....	1127 (53)	1,613 (50) buildings.	
178. Buildings remodeled, repaired, painted.....	2728 (58)	3,174 (58) buildings.	
179. Farm electrification.....	8639 (50)	2,591 (50) farms. <sup>1</sup>	
180. Home equipment (include sewing machines).....	9122 (59)	12,709 (59)	
181. Total of columns (a) and (c).....	24,616 (59) farms.	x x x x x x x x	\$.....

182. Number of machines repaired as reported in questions 175 and 180, by types: (a) Tractors.....				
(b) Tillage implements.....		(c) Harvesters and threshers.....	(d) Plows.....	
(e) Mowers.....		(f) Planters.....	(g) Sewing machines 163 (11)	(h) Other 12 (2)
183. Number of buildings and equipment improved as reported in questions 177, 178, 179, 180, by types:				
(a) Dwellings constructed according to plans furnished 257 (9)		(h) Dairy buildings 26 (4)		
(b) Dwellings remodeled according to plans furnished 1539 (62)		(i) Silos { (1) Regular.....		
(c) Sewage systems installed 379 (29)		(2) Trench or pit.....		
(d) Water systems installed 668 (28)		(j) Hog houses.....		
(e) Heating systems installed 32 (1)		(k) Poultry houses 919 (50)		
(f) Lighting systems installed 9886 (66)		(l) Storage structures 731 (23)		
(g) Home appliances and machines 9019 (57)		(m) Other 1035 (12)		

<sup>1</sup> Report the number of farms using electricity in farm enterprises for income-producing purposes such as electric milking, milk cooling, incubating, brooding, hotbed heating, etc.

## POULTRY AND BEES

Report Only This Year's Extension Activities and Results That Can Be Verified

ITEM	Poultry (including turkeys) (a)	Bees (b)	
184. Days devoted to line of work by:			
(1) Home demonstration agents.....	1056 3/4	46	184
(2) 4-H Club agents.....			
(3) Agricultural agents.....			
(4) Specialists.....	102 1/2	38	
185. Number of communities in which work was conducted.....	950	46	185
186. Number of voluntary local leaders or committeemen assisting.....	906	50	186
187. Days of assistance rendered by voluntary leaders or committeemen.....	1973 1/2	30	187
188. Number of adult result demonstrations conducted.....	316	47	188
189. Number of meetings at result demonstrations.....	57	19	189
190. Number of method-demonstration meetings held.....	825	43	190
191. Number of other meetings held.....	224	23	191
192. Number of news stories published.....	340	58	192

14. Number women enrolled in house furnishings (other than mattress and comfort making)	4,736	
15. Number women enrolled in music project	13,313	
16. Number council choruses for women	13	
17. Number club choruses for women	19	

\* "Enrolled" refers to those in clubs or doing work under your supervision.

#### 4-H Club Work

1. Number young people completing as reported on page 5, question 17	505
2. Number local leaders' 4-H training meetings held in county	49

#### Better Farm Living

1. No. committee women assisting	1707
2. No. people reached--White 30,621; Negroes 53,694; Total	69,315
3. No. pledgees raising turnips or fall vegetables	16,814
4. No. pledgees growing wheat	16,493
5. No. pledgees having a spring and summer garden	19,941
6. No. pledgees canning	16,012
7. No. pledgees growing sweet potatoes	17,622
8. No. pledgees increasing cows 3973; No. cows involved	4,441
9. No. pledgees increasing poultry 12,998; No. chickens involved	313,365
10. No. pledgees increasing hogs 6,811; No. hogs involved	20,100
11. No. demonstrations in Use of Whole Wheat or Corn 800; Attendance	28,054
12. No. demonstrations in Better Production and Use of Syrup 230; Attendance	2070
13. No. demonstrations given in Use of Milk 358; Attendance	5296
14. No. demonstrations on Use of Eggs 201; Attendance	2,887
15. No. " " harvesting, storing, & preparing sweet potatoes	60
16. No. counties visited by B.F.L. Mattress Work Attendance	330
Train 33 Attendance	2898

In answering the questions below include all mattress work from the beginning to date.

1. Number mattress centers organized	677
2. Number mattresses made by Whites 78,385; Negroes 120,021; Total	198,406
3. Leaders: White men 2009; White women 7145	
Negro men 4655; Negro women 8762	
4. Spread of Work: Mattresses made or renovated as a result of the mattress project from personally owned cotton and ticking. No. mattresses made	6627
No. mattresses renovated	2354
5. Number comforters made by Whites 13,993; by Negroes 24,668; Total	38661

Foods and Nutrition

1. Number quarts meat canned by women 161,373 (43); by girls 33,461 (24)
2. Number lbs. vegetables and fruits stored or dried by families reporting on page 18, question #308 1204,248 (6)
3. No. families canning more than 100 qts. of fruits and vegetables 14,327 (40)
4. No. families canning from 100-300 quarts of fruits and vegetables 4,795 (82)
5. No. families canning over 300 quarts of fruits and vegetables 2,693 (82)

Clothing

- |  | Women | Girls |
|--|-------|-------|
| 1. Number outer garments made according to recommendations | _____ | _____ |
